

Toxic Houseplants

The following list contains plants that are considered to be toxic or non-toxic to your pets. Do not panic, several varieties of houseplants are only mildly toxic and must be consumed in large quantities to cause serious injury. If you think your pet may have ingested a toxic substance, contact your local vet or the ASPCA emergency poison hotline at 1-888-426-4435. (List provided by the ASPCA, please visit www.aspc.org for a more detailed list)
