CHEESE DEPARTMENT

Roaring Forties (Tazmania, Aus): A full bodied blue with pronounced nutty and fruity flavors and fudgy and creamy textures. It compares favorably to the classic Gorgonzola Piccante. Pairs beautifully with Port Wine. Cow Milk.

Classic Oscietra Caviar (Italy): Richly flavored, with nutty and mineral aspects; delightfully crunchy, with a deep brown appearance. Perfect with crème- fraiche and blini. Russian Sturgeon.

Tome Chabrin (Macaye, FR): Delicate, with sweet and citrusy flavors; and in texture solid, with moist and buttery qualities. Yummy and versatile Chabrin is great with a staggering array of wines and cured meats. Goat Milk.

Formaggio Di Fossa (Emilia-Romagna, IT): This super sharp, massively flavorsome pecorine undergoes its main ripening in a pit in the earth. It's an awesome cheese for your spaghetti cacioe pepi, as well as in your antipasti assortment. Sheep Milk.

Olympia Provisions Pickles: Tangy, vinegar pickles make an incredible addition to cheese and charcuterie platters, to tapas and happy hour repast. Celery pickles pack a tantalizing sweet heat and complement chorizo and bean dishes. Cauliflower pickles have a fragrant curried spice and enhance more robust cheeses like aged cheddar and gruyere. Portland, OR.
