

Spring & Summer Reheating Instructions

05.05.23

Our chef suggests having all items at room temperature for at least 1 hour before reheating in the oven. Times may vary based on your oven and how many items you are reheating. If you are reheating many items at once, increase your oven temperature 25-50 degrees to expedite the reheating process.

ALL REHEATING TIMES BELOW ARE FOR A 300°F CONVECTION OVEN or 350°F CONVENTIONAL
