

A Message from The Sickles Family and 1663 Partners LLC Company
12.12.24

This afternoon 1663 Partners LLC and Sickles Family achieved another important restructuring milestone. The United States Bankruptcy Court conditionally approved our Disclosure Statement and consented to the distribution of our Co-Sponsored Plan of Reorganization. Resolving technical and substantive objections and roadblocks is part of a restructuring process. We are pleased that we were able to work with the Court, multiple creditors and parties in interest, and their attorneys to resolve many of those challenges to the Court's satisfaction and get to this important point. We are steadfast in our commitment to emerge from Bankruptcy Court oversight in early 2025 so that we can focus on the re-opening of Sickles Market in Little Silver.

1663 and the Sickles Family appreciate the overwhelming outpouring of positive messages of support that we have received.
